▼Site-Specific Information

This document provides information specific to East Coast branches including the assigned CSR, the Address, and the best method of transportation.

Effective Use

This document is a work in progress and changes as responsibilities and assignments change. While you cannot directly edit the document, you can use the commenting system to leave an editor messages. Please try to keep comments informational as in you, as a commentor, are providing new and updated information for the document. An example comment would be 'Please update the telephone number' or 'These particular doctors (Frank, Johnny, Mike) no longer practice here.' Your comments will be shown along the document to everyone who opens it, and changes will be made to the actual file periodically: removing the comment and updating accordingly.

Editing the Document

Please try to keep the branch numbers in consecutive order. Copy a previous table and paste it where needed. Highlight the field you would like to overwrite. Then, copy information from an email or another document and press '**ctrl+shift+v**' to paste the information according to the destination formatting.
